The 2003-2004 SBCC/UCSB admission agreement is in effect for the fall 2003 and fall 2004 terms only. (When UCSB accepts applications from transfer students for winter and/or spring quarter, SBCC students who satisfy the admission agreement will receive priority admission consideration).

The 2003-2004 SBCC/UCSB admission agreement applies to general admission to the College of Letters and Science but not to specific majors. Some majors in the college of Letters and Science may have admission criteria exceeding those specified in this agreement. It does not apply to the College of Engineering or the College of Creative Studies. Students should consult with the SBCC counseling office or the specific UCSB department regarding preparation for and admission to specific majors.

This agreement does not apply to student with senior class standing (90 or more semester units). Consult with UCSB transfer staff for answers to questions about class level.

LOCAL AGREEMENT- applies to students who meet the guidelines below and who transfer to UCSB in fall 2003 or fall 2004. To qualify, students must (See general working rules on reverse)

Graduated from a Santa Barbara Community College District (SBCCD) high school,
Apply to UCSB during the filing period for fall 2003 or fall 2004,
Be UC eligible by the end of the spring term immediately preceding the fall term for which they apply,
Complete the required transfer course pattern by the end of fall 2002 for fall 2003 or fall 2003 for fall 2004
Achieve junior-class standing through completion of at least 60 UC transferable semester units by the end of spring 2003 for fall 2003 and by spring 2004 for fall 2004, and complete the last 30 of their 60 or more UC transferable semester units in residence at SBCC.

GENERAL AGREEMENT- applies to all students who meet the guidelines below and who transfer to UCSB in fall 2003 and fall 2004. To qualify, students must (See general working rules 2-6 on reverse)

Apply to UCSB during the filing period for fall 2003 or fall 2004,
Be UC eligible by the end of spring 2003 or spring 2004,
Complete the required transfer course pattern by the end of fall 2002 for fall 2003 applicants, or fall 2003 for fall 2004 applicants,
Achieve junior-class standing through completion of at least 60 UC transferable semester units by the end of spring 2003 or spring 2004,
Complete the last 30 of the 60 or more UC transferable semester units in residence at SBCC, and
Earn a minimum GPA of 2.75 in all UC transferable coursework
Fall 2003/Fall 2004 SBCC/UCSB ADMISSION AGREEMENT

General Working Rules

1  Graduation from a Santa Barbara Community College District (SBCCD) high school (Local Agreement, Guideline 1). This refers only to students who graduated from or whose last high school of attendance was a SBCCD high school. SBCCD high schools are:

- Anacapa
- Bishop Garcia Diego
- Carpinteria
- Cate
- Dos Pueblos
- La Cuesta
- Laguna Blanca
- Las Alturas
- San Marcos
- Santa Barbara

2  Establishing UC eligibility and removing subject deficiencies and omissions (Local Agreement, Guidelines 3 and 4, General Agreement, Guidelines 2 and 3). Students must establish UC eligibility with regard to unit and grade point average requirements as detailed in the Undergraduate Application by the end of the spring term immediately preceding the fall term for which they are applying. Students must complete the required transfer course pattern or remove all subject omissions from their high school record by the end of fall 2002 for fall 2003 admission and by fall 2003 for fall 2004 admission. International applicants must have completed the freshman English composition requirement with a minimum grade of C (English 110 and English 111 at SBCC)

3  Completion of the last 30 UC-transferable semester units at SBCC

Students may complete summer session coursework at an institution other than SBCC without jeopardizing their SBCC residency status

4  AP and IB units earned prior to high school graduation do not apply to the 90 semester unit limit

5  The General Agreement applies to all non-local students, regardless of residency

6  UCSB will interpret issues arising relative to this arrangement, which will be reviewed annually by SBCC and UCSB
